Summary

UI/UX Designer with hands-on experience in User-Centered design, Figma, UX research, high-fidelity prototyping, responsive interfaces, and usability-focused design. My focus is to create simple and clean designs that are functional and reliable with a touch of creativity.

Professional Experience

Progressive Labs, UI/UX Designer / Product Designer

July 2025 - Present

- Designed digital products with a strong focus on Ideal Customer Profiles (ICPs), aligning user experiences, IA, and interface decisions with the needs, and goals of target users.
- Applied UX research, competitive analysis, and UI pattern research to understand how existing products solve common user and product problems.
- Designed multiple landing pages tailored to different target audiences, focusing on clear messaging, visual hierarchy, user journeys, and conversion goals.

Project Involved: Watobu, Nihongo Nepal, Nihongo Global

UBA Solutions, UI/UX Intern

April 2025 – July 2025

- Learned and applied fundamental UX principles, design rules, usability principles, and UI best practices to create intuitive digital experiences.
- Developed practical knowledge of visual hierarchy, typography, color theory, spacing, alignment, grids, consistency, and responsive design.

Samasta Groups Private Limited, UI/UX & Frontend Intern

Nov 2024 – Mar 2025

- Designed Samasta Khabar in Figma, wireframes, high-fidelity UI designs, and responsive layouts for users, reporters, and administrators.
- Translated the Figma designs into a functional, responsive React.js frontend, developing reusable components and implementing the designed user experience.

Technical Skills

Figma, FigJam, Responsive Design, Prototyping, User Flows, UI Patterns, Design QA, ChatGPT, Gemini, Claude, JIRA, Notion.

Soft Skills

UX Research, User-centric Thinking, Presentation, Quick Learner, Feedback and Iteration, Attention to Details, Problem Solving, Design Thinking.

Education

Bachelor of Science in Computer Science and Information Technology (BSc. CSIT), Kathford International College of Engineering and Management

2020 – 2024
